

## ARROWSTREAM FREIGHT SERVICES

**It's all about time and cost-effective product movement: right time, right place, right price.**

### The ArrowStream Difference

Whether you are a mid-sized business moving paper goods or a Fortune 100 company moving frozen food, with ArrowStream Freight Services you have access to the scale, flexibility and reliability of our broad scope of transportation resources.

Since 2000, ArrowStream has provided unparalleled service for shippers ranging from Fortune 500 companies to regional manufacturers. Our success in serving the needs of a multitude of large and mid-sized company leaders like Arby's, Wendy's, Applebee's, SYGMA and Popeye's has fueled 100 percent growth year over year for the past three years.

- We optimize your transportation needs by tapping into our growing nationwide logistics network that leverages volume into more than 200 Distribution Centers through over 65,000 lanes to save you money.
- Our extensive network of national, regional and independent carrier relationships gives you the best flexibility, timeliness and cost-efficiency.
- Our team is comprised of experienced, customer focused professionals led by former senior executive management of transportation industry leaders.
- We're always there with our dedication to outstanding 24/7 customer and carrier communication and service.

**Making the most of your freight moves for greatest efficiency, customer service and value.**

KEY FEATURES	KEY BENEFITS
Extensive access to a growing nationwide transportation network that leverages volume into more than 200 Distribution Centers and through 65,000+ lanes.	By tapping into our nationwide network, we deliver the most efficient use of transportation resources and lower costs.
Strong relationships with a nationwide network of carriers.	Our breadth of carrier relationships assures you the best value for your shipping investment, with optimal flexibility, timeliness and cost-efficiency.
Dedication to outstanding 24/7 customer and carrier communication and service.	Since 2000, ArrowStream has provided unparalleled service and peace of mind for shippers ranging from Fortune 500 companies to regional manufacturers.
Sourcing of competitive freight rates and management of "end to end" execution.	Make more efficient use of your time by letting us source the best freight rates and handle the headaches of managing shipments.
Full range of services: full truckload, LTL, intermodal, dry van, refrigerated, flatbed, and expedited.	Whether your shipments are consistent or varied, we can source the right equipment to fulfill your needs at the time you need it.
Continuous and immediate ability to track freight via constant communication with drivers, pick-up through delivery.	We know where your freight is at all times. The result: you can sleep at night knowing that your shipment is well-planned and will be on time and within budget.
